Interest-free loans: your questions answered

We've tried to answer all your questions here. If there's anything else you'd like to know, please ask your dentist or a member of our practice team.

Who can benefit?

Just about anyone over the age of 18. You don't have to belong to a private dental plan. You don't even have to be a regular visitor at this practice.

What can I use it for?

You can use the payment plans to pay for most dental work, but they're particularly suited to more costly private treatments, such as dental implants, orthodontic, aesthetic or cosmetic work. If you're not sure whether they're right for your treatment, please ask your dentist.

How much can I borrow?

Dependent upon facility you can borrow typically between £350 and £50,000. This will be subject to an 'on-site' credit application. Most patients' applications are approved there and then, so you can go ahead and schedule treatment immediately.

How do I repay the loan?

Much like any other loan facilities, you repay them in affordable monthly payments over an agreed term. These payments are collected by Direct Debit.

How much will I pay?

With our 0% facility you pay the cost of your dental treatment - no more and no less. Interest-free means just that! In terms of the low cost facilities, we provide you with a quotation that shows the monthly payment and the total interest payable over the term of the loan. There are no hidden costs and no deposit is required!

What are the repayment terms?

Your dentist or designated members of the practice team will be able to go through the various terms with you and agree the most suitable repayment period.

How do I apply?

Once you've agreed on a course of treatment - and a cost - with your dentist, we'll make the credit application on your behalf. As soon as this has been approved and then processed, you'll receive written confirmation from the credit provider. Simple as that!

Who is the credit provider?

We're working with one of the most respected credit providers in the business. Ask our team for details.

What happens if my treatment costs less than planned for?

This can be refunded to you by the practice or if no payments have been made by you, a new agreement can be arranged.

How often can I use the facility?

You can apply for a payment plan for each course of treatment, subject to the usual credit application.
